
指示と照応に関する理論的・実証的研究
—経験科学としての生成文法を目指して—

15320052

平成15年度～平成17年度科学研究費補助金
(基盤研究(B))研究成果報告書

平成18年3月

研究代表者 上山あゆみ
九州大学大学院人文科学研究院助教授

Report of the Grant-in-Aid for Scientific Research (B),
Project No. 15320052
Supported by Japan Society for the Promotion of Science

Theoretical and Empirical Studies of Reference and Anaphora
——Toward the establishment of generative grammar
as an empirical science——

目 次

経験科学としての生成文法 文法性と容認可能性 (pp.1-15) 上山 あゆみ

1. はじめに.....	1
2. 経験科学としての生成文法研究.....	1
3. Hoji 2003, 2005 の試み.....	7
4. 今後の課題.....	14
参考文献.....	15

Overt Marker for Individual Sublimation in Japanese (pp.16-27) Yukinori Takubo

1. Introduction.....	16
2. Some recent innovations	17
3. The properties of vacuous <i>no koto</i>	18
4. <i>No koto</i> as property abstraction marker.....	20
5. NP- <i>no koto</i> _{OP} as major object.....	22
6. Subject constraint.....	24
7. Summary	26
References.....	27

Measurement and Quantification Revisited (pp.28-39) Takao Gunji

1. Introduction.....	28
2. Minimal Recursion Semantics	29
3. Adnominal and Adverbial Measurement	31
4. Quantification as Coercion.....	36
5. Scopal Ambiguity	37
6. Concluding Remarks.....	39
References.....	39

Adding Semantics to Safir's *The Syntax of Anaphora* (pp.40-51) Christopher Tancredi

1. Introduction.....	40
2. Safir's Basic Analysis.....	40
3. Problems Posed by Focus.....	43
4. Approaches to the Focused Pronoun Problem	45
5. Discussion.....	47
References.....	49

Antipresuppositions (pp.52-73) Orin Percus

1. Background: Presuppositions.....	52
2. Foreground: Antipresuppositions.....	56
3. Accounting for antipresuppositions	58
4. Formulating and refining the account	61
5. An application: "Maximize Presupposition" and ϕ features.....	64
6. Some problems.....	69
7. Antipresuppositions and scalar implicatures.....	71
References.....	73

Yori- and Hodo- Comparatives: Comments on Beck et al (2004)..... (pp.74-96)
J.-R. Hayashishita

1. Introduction.....	74
2. Beck et al's (2004) proposal.....	77
3. Syntax of <i>yori-</i> and <i>hodo-</i> comparatives.....	79
4. Semantics of <i>yori-</i> and <i>hodo-</i> comparatives.....	85
References.....	95

A Demonstrative Analysis of Anaphora in Hob-Nob Sentences (pp.97-104)
Takeo Kurafuji

1. Introduction.....	97
2. Dynamic Binding and the E-Type Strategy.....	98
3. The Semantics of Propositional Attitudes.....	99
4. Hob-Nob Anaphora as Demonstratives.....	100
5. Consequences.....	103
References.....	103

**Neg-Scope and Resumption:
Their Implications for the Analyses of Scrambling Construction..... (pp.105-114)**
Kiyoko Kataoka

1. Introduction.....	105
2. <i>Movement</i> analyses for A-scrambling.....	108
3. <i>Base-generation</i> analysis for A-scrambling (Ueyama 1998).....	110
4. A supporting argument for the <i>base-generation</i> analysis: QP-scope interpretation.....	111
5. Conclusion.....	112
References.....	114

日本語のとりたて詞サエの意味機能 (pp.115-125)
田中 大輝

1. はじめに.....	115
2. サエの意味機能.....	115
3. サエの機能と知識モデル.....	118
4. 結論.....	124
参考文献.....	125

Otagai (pp.126-138)
Hajime Hoji

1. Introduction.....	126
2. Predictions borne out.....	127
3. The Postulation of <i>pro</i> in [<i>pro</i> [otagai]].....	131
4. Conclusion.....	132
References.....	137

**Assessing Competing Analyses:
Two Hypotheses about 'Scrambling' in Japanese**
Hajime Hoji

(pp.139-185)

1. Introduction.....	139
2. Two hypotheses about the OS construction in Japanese	139
3. <i>Falsification</i> and <i>corroboration</i>	145
4. Assessing a hypothesis independently of a competing hypothesis.....	148
5. Assessing a hypothesis in relation to a competing hypothesis	173
6. Some remaining issues	179
7. Concluding remarks	180
References.....	181
